

DR. LARRY LUNT DVM VETERINARIAN

Dr. Lunt graduated from Colorado State University in 1979, with a special focus in herd animal medicine. Dr. Lunt is an active member of AABP, AVMA, Society of Theriogenology. Dr. Lunt is currently licensed in both Arizona and Colorado.

Dr. Lunt works predominately with cattle (both dairy and beef) and has a special interest in developing ovsynch programs and preventative medicine. He is also involved in coordinating on farm training for farm employees on reproductive performance, milker schools, AI schools, calf hygiene and general farm hygiene.

Dr. Lunt is also a supporter for 4H and FFA programs in the East Valley High Schools.

In Dr. Lunt's free time he enjoys spending time with his family which includes his 6 children, 27 grandkids and his beautiful wife Doris. He also enjoys volunteering for the Boy Scouts of America where he is an assistant scout master. Dr. Lunt enjoys hiking and camping with the scout groups. Dr. Lunt's family owns Lunt Dairy in Duncan where they milk 600 head and raise 450 beef cows and farm 1500 acres.
